

AWAD Caravans Company was established in 1970 and has since specialized in manufacturing high-quality caravans with competitive capabilities. In 2002, the factory was upgraded and expanded, making it one of the largest and best factories in the Middle East. To facilitate the entry of our products into global markets, we opened branches in Cyprus in 2018 to access European markets, in Dubai in 2021 to engage with Asian markets, and in Egypt in 2022 to enter African markets.

Due to our constant aspiration for development, our company has become a leading company in the field solar power system works for various industries and sectors. With years of experience in this field, we have established ourselves as a trusted and reliable partner for customers who require high-quality, cost-effective solutions. Our extensive experience includes the successful implementation of large-capacity solar energy stations and projects

Our team of experienced engineers and technicians work closely with clients to design custom solar power systems that meet their specific needs and budget requirements. We handle everything from system sizing and layout to installation and commissioning, as we offer comprehensive maintenance services to ensure that your solar power system continues to operate at peak efficiency. Our advanced monitoring systems allow us to remotely track system performance and quickly address any issues that may arise. Our team possesses high expertise and the ability to efficiently design, planning and implementation of systems under any circumstances.

We provided solar power systems for many companies and organizations all around.

Our company has been worked by UN, with most of its organizations especially UNICEF, UNDP, UNHCR, UN, WFP, UNFPA, FAO, WHO, UN-HABITAT, IOM, International Medical Corps, ICRC, PREMIERE URGENGE, DRC Danish Refugee Council, FCA - Finn Church Aid, GOPA, ONG Rescate International, Oxfam, NRC, ZOA-international, ADRA Adventist Development and Relief Agency

We work with leading manufacturers to source top-quality solar panels, inverters, and other components that are built to last and deliver maximum performance.

At AWAD Caravans Group Ltd, customer satisfaction is our top priority. We strive to provide exceptional service and support throughout every stage of the project, from initial consultation to post-installation maintenance. Unfortunately, we can't mention all our customers hereby, like Art Production companies, Transporting companies, Custom clearance companies, local Organizations.
